Presentation :

Studying architectural technology at Cégep de Saint-Laurent, I learned to design project plans, draw details, create concepts, and present ideas. In 2017, I discovered the creativity bubbling in the heart of Naoshima island and was amazed by the magnificence of the incredible work of Tadao Ando.

Formations :

Architectural technology - St-Laurent cegep (2020-2023)
Construction site security (ASP) (2020)

Experiences :

Internship with the architect Nicolas Chaudier (Summer 2022)
AutoCad drawing, AutoCad details, SketchUP, Enscape, Survey

Internship with the architect Irina Nazarova (Summer 2022)
Site visit, Code analysis, Rhino modeling, Enscape renders

Architecture technology tutor (Spring 2022)

Internship at the Reford Gardens (Summer 2021)
Installations assembly and site caring.

Goat cheese seller at the farmers market (2019-2020)

Competencies :

Languages :

French	English	Japanese (learning)
--------	---------	---------------------

Softwares :

Revit	SketchUp
Enscape	AutoCad
Rhino	Photoshop
Office suite	Indesign

Architecture competitions :

Silos Buenos Aires with Tamara Kliuk (TerraViva competitions 2022)
Mies Library (Arkitekturo 2022)
Bauhaus Campus 2021 (Arkitekturo 2021)
